

TO THE HONOURABLE THE PRESIDENT AND MEMBERS OF THE LEGISLATIVE COUNCIL ASSEMBLED IN PARLIAMENT

The Petition of certain citizens of the State of Victoria draws to the attention of the Legislative Council the Victorian Government's failure to upgrade sound barriers along the Monash Freeway between the end of the CityLink Freeway and Warrigal Road as part of the current expansion of the Monash Freeway.

We oppose the upgrade where no systematic provision has been made to reduce the impact of increased traffic volumes and noise on resident's whose properties are impacted by the widening of the Monash Freeway.

The Petitioners therefore request that the Victorian Government take action to reduce the increased noise impact on local residents of the Monash Freeway expansion by the installation of state-of-the-art noise abatement barriers to a standard equivalent to that required of CityLink and EastLink.
