- 46,000 street trees
- 8,500 street lights
- 45 sportsgrounds
- 47 playgrounds
- and much more

8 April 2016

Ms Dianne Hunt

~~dianne@smoba.com.au~~

Dear Dianne,

Thank you for your email of 7 April 2016. This matter has been referred to Council's Group Manager Environmental Strategy and Services who has advised:

"The works in the Council road reserve have been commenced without the appropriate Asset Consent Permits in place.

An application has now been received for works in Lorne Street and Council has issued an Asset Consent Permit. The Permit contains site specific conditions and is for nature strip opening and installation of boreholes in Lorne St, Caulfield East. Council followed up on the works that were being undertaken in the Council road reserve in Girdwood Avenue and an application for an Asset Consent Permit has now been lodged with Council. It is likely that a permit will issue shortly.

Council is required to reasonably consider all applications for works in the road under the Road Management Act. Applications for works in this area are considered the same way as any other similar applications in the City.

Asset Consent Permits do not require advertising and it is the responsibility of the applicant to ensure work sites are managed safely."

I would be grateful if you could circulate this response to other interested parties who have approached you on this matter and if you have any further enquiries please contact Council's Service Centre on 9524 3333.

Yours sincerely,

Margaret Esakoff
